Elevate NXT is the next step in promotional apparel. With the garments of Elevate NXT, we follow the supply chain from the source to the branding. Made of recycled polyester or organic cotton, our Elevate NXT styles are truly sustainable. And of course, they have all the qualities you have come to expect from an Elevate product: designed for branding and super comfortable to wear. And as we believe that the branding on a product is as much a part of it as the buttons or the zipper, the inks used for the branding are certified too! The inks used are sustainable and free of any harmful chemicals – meaning they do not contain hazardous substances for humans. Available in six popular promotional colours and our special Elevate NXT blue, this really is the next step in promotional apparel: certified from yarn to inks!

Certified by Control Union
CU 1019665

WHAT IS GOTS?

The GOTS –Global Organic Textile Standard– is the worldwide leading textile processing standard for organic fibres. This standard also includes ecological/ environmental (f.e. energy, water, wastewater and chemical use) and social criteria. The entire textile supply chain is backed up by independent certification and traceability is key in this process.

The Global Organic Textile Standard aims to define worldwide recognised requirements that ensure the organic status of textiles - from harvesting of the raw materials through environmentally and socially responsible manufacturing up to labelling - in order to provide a reliable assurance to the end consumer.

With one certification accepted in all major markets – textile processors and manufactures are enabled to export their organic yarns, fabrics and garments.

Certified by Control Union
CU 1019665

WHAT IS GRS?

The GRS –Global Recycled Standard– is an international, voluntary full product standard that sets requirements for third-party certification of recycled content, chain of custody, social and environmental practices and chemical restrictions.

The standard aims to meet the needs of companies looking to verify the recycled content of their (both finished and intermediate) products. Also GRS is intended to verify responsible social, environmental and chemical practices in production.

The objectives of the Global Recycled Standard are to define requirements that ensure good working conditions and accurate content claims, as well as minimising harmful environmental and chemical impacts. This includes companies involved in ginning, spinning, weaving, knitting, dyeing, printing and stitching in more than 50 countries.

HOW TO BRAND YOUR T-SHIRT?

Want a look as unique as your brand? With so many different ways to amplify your identity, we'll help you create a piece with retail-quality branding.

INFUSION™

Infuses your logo into the fabric creating an untouchable decoration with razor sharp detail.

- Razor sharp with higher resolution
- Offers a comfortable, breathable decoration
- Untouchable • Offers unlimited colours for one set up

SCREENPRINT

Time-tested decoration method that enables vibrant and durable graphics on virtually any material.

- Economic choice for large multi-coloured decoration
- Great choice for a distressed look and feel
- Ideal technique for T-shirts

SUPERHEROES! 2 DAY BRANDING

The branding techniques eligible for two-day branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

Inks and other chemical substances used in production process, comply with the strict requirements of GOTS and GRS standards. They are environmentally friendly, containing no hazardous substances for humans.

TRUE EDGE™ TRANSFER

This cutting-edge heat-transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text
 - Four-colour process or spot colour
 - Perfect for logos with many colours
- Alternative to embroidery for thin garments
 - Maintains integrity of waterproof fabrics

HOW TO BRAND YOUR POLO?

BUILT FOR BRANDING

Of course you want a polo that's stylish and comfy. But ours are also designed to offer unique locations for your logo.

EMBROIDERY

With thread colours to match any logo, embroidery is always a popular choice.

- Classic look
- Up to 12 colours per embroidery
- Perfect for left/right chest and left/right bicep

SCREENPRINT

Time-tested decoration method that enables vibrant and durable graphics on virtually any material.

- Economic choice for large multi-coloured decoration
- Great choice for a distressed look and feel

SUPERHEROES! 2 DAY BRANDING

The branding techniques eligible for two-day branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

Inks and other chemical substances used in production process, comply with the strict requirements of GOTS and GRS standards. They are environmentally friendly, containing no hazardous substances for humans.

- Great choice for a distressed look and feel

TRUE EDGE™ TRANSFER

This cutting-edge heat-transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

EMBROIDERY

With thread colours to match any logo, embroidery is always a popular choice.

- Classic look
- Up to 12 colours per embroidery
- Perfect for left/right chest and left/right bicep

HOW TO BRAND YOUR JACKET?

STANDARD LOCATIONS IN PLACES YOU'D NEVER EXPECT

Nobody offers more standard imprint locations – front, back, hip, shoulders, sleeves and even inside. By mixing and matching, you can create and transform the garment into a truly unique piece that sets your brand apart

EMBROIDERY

With thread colours to match any logo, embroidery is always a popular choice.

- Classic look
- Up to 12 colours per embroidery
- Perfect for left/right chest and left/right bicep

TRUE EDGE™ TRANSFER

This cutting-edge heat-transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

SUPERHEROES! 2 DAY BRANDING

The branding techniques eligible for two-day branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

Inks and other chemical substances used in production process, comply with the strict requirements of GOTS and GRS standards. They are environmentally friendly, containing no hazardous substances for humans.

LASER ENGRAVING

Laser can be applied at virtually any location.

- Smooth, glossy finish
- Unlimited washability
- Best on mid-range colours

DEBOSS

Deboss creates a subtle tone-on-tone look with a dye that's heat-pressed into the material.

- Ideal for waterproof fabrics
- Striking 3D appearance
- Apply to almost any location
- Unlimited washability

HOW TO BRAND YOUR HEADWEAR?

We don't just put a lot of thought into how a garment looks. We also design it to give you plenty of options for branding, allowing you to create the perfect look.

EMBROIDERY

With thread colours to match any logo, embroidery is always a popular choice.

- Classic look
- Up to 12 colours per embroidery
- Perfect for left/right chest and left/right bicep

DEBOSS

Deboss creates a subtle tone-on-tone look with a dye that's heat-pressed into the material.

- Ideal for waterproof fabrics
- Striking 3D appearance
- Apply to almost any location
- Unlimited washability

TRUE EDGE™ TRANSFER

This cutting-edge heat-transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

SUPERHEROES! 2 DAY BRANDING

The branding techniques eligible for two-day branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

Inks and other chemical substances used in production process, comply with the strict requirements of GOTS and GRS standards. They are environmentally friendly, containing no hazardous substances for humans.

SCREENPRINT

Time-tested decoration method that enables vibrant and durable graphics on virtually any material.

- Economic choice for large multi-coloured decoration
- Great choice for a distressed look and feel

The sizing charts reference body measurements. If you require garment measurements, please contact customer service.

Chest
Under the arms and across the shoulder blades with a firm and level tape.

Hip
When standing, measure around the widest part of the hip.

ICON INDEX

Hood that can be removed.

Moisture management is achieved at the Yarn stage, where the microfine yarns create a capillary action to channel sweat away.

Unique yarns or fabric finishes that transport moisture to the outer surface.

Integrated hood that can be folded and stowed away in the collar.

Stay warm and feel comfortable with a breathable insulated membrane, and resistance barrier to extreme elements.

Seam sealed: Permanently covering the inner seams with waterproof tape for long lasting waterproof protection.

Fabric or garment has been treated during manufacturing to minimize shrinkage during washing.

Fabric is engineered to prevent snagging.

Fabric surface is treated to repel water.

A special finish used on fabrics that resists a wrinkled appearance after washing many times.

Products allow moisture to escape from the body.

Protect yourself from wind and rain. This technology offers complete comfort in a variety of conditions.

YKK® zipper used in the garment. YKK® is the world's leading zipper brand and represents high quality.

Products made of waterproof materials to keep moisture out.

Fabric content provides stretch allowing for a more comfortable fit.

Not too loose. Classic cut that follows the shape of the body with ease of movement.

The product's ability to block cold air flow from permeating the fabric.

Fabric finishes are used to resist moisture penetration.

Generous cut with added ease allowing for loose comfort.

Product provides protection from UV rays. UPF value represents the fractional amount of sun's harmful UV rays that pass through a fabric.

Product helps prevent wind from penetrating.

More fitted waistline and an overall tighter fit, which accentuates the body shape.

The skilful blending of natural and man-made yarns results in fabrics that have easy care properties.

Inside opening for easy decoration access.

Slightly looser than the regular fit for added comfort.

Unique finish that controls bacteria growth, prevents odours and maintains garment freshness.

A treatment applied to fabric that resists the formation of little balls or pills on the surface of the fabric.

This product meets the standard of Industrial Laundry ISO 15797.

3 Layer bonded: Three materials of differing characteristics, are joined together, creating a composite fabric with superior performance.

Integrated hood.

Product engineered for custom interior branding.

YOUR FINISHING TOUCH

Custom decoration is a great way to reinforce your brand identity. Especially if, as shown throughout this catalogue, you apply it to multiple items. A wide choice of quality techniques, including the impressive new textile method HXD, means you can get both the look you want and the quality you need.

Whether you prefer cool and subtle, distinctively stylish or to boldly grab attention, you can rely on us for expert service. Feel free to ask us for advice and inspiration.

HXD		Unique decoration method • Add dimension to a logo • Perceived value of Embroidery combined with colour range and detail of True Edge Transfer • Durable • Available for a wide range of garments • Max print area: 100 x 75 mm
LASER ENGRAVING		Create a high-class impression • Unique tone on tone • Best on mid-range colours • Unlimited washability
PADPRINT		Great all round cost effective solution • Can be applied on virtually any shape • Suitable for any surface texture, including soft products like stress balls • Perfect for multi coloured logos • Fast and economical
DIGITAL PRINTING		Perfect for multi coloured logos • Create a unique effect with matt, gloss or embossed finishes • Strong resistance to fading or damage • Ideal for small quantities • Can only be applied to flat or slightly curved surfaces
DEBOSSING		Striking 3D appearance • Subtle tone on tone look • Great for real and imitation leather products • Ideal for waterproof fabrics • Unlimited washability
DOMING		Create a 3D effect • Strong resistance to fading or damage • Can only be applied to flat surfaces
EMBROIDERY		Classic decoration technique • Suitable for both flat and irregular surfaces • Thread colours to match any logo • Up to 12 colours per embroidery • Perfect for left/right chest and left/right bicep
INFUSION		Create an untouchable decoration with razor sharp detail • Offers a comfortable, breathable decoration • Offers unlimited colours for one set up
TRANSFER		Ideal for fabrics • Perfect for logos with many colours • Allows for extreme detail like small text • Economical solution for multi colour printing or smaller quantities • Maintains integrity of waterproof fabrics
SUBLIMATION		Premium full colour photorealistic prints • Suitable for polyester fabrics (minimum 60% polyester) and polymer coated products • Soft, flexible imprint that can even be applied over seams and zips • Decoration is resistant to fading and cracking • Only suitable for white products
SCREENROUND		Long lasting results • Apply sharp, high quality decoration on curved products • Economic choice for large quantities • Multi colour decoration available on a selection of pens • Ideal for text
HOTSTAMPING		Exceptional superior impression • Ideal for real and imitation leather product • Available in silver and gold finish
SCREENPRINT		Long lasting results • Good cost effective solution for larger quantities • Allows single and multi colour decorations • Great choice for a distressed look and feel • Can only be applied to flat surfaces
DIGITAL STICKER		Excellent print quality and details • Regularity of sticker shapes • 50cm2 max size • 4 days lead time from e-proof approval
